Checklist for Supervisors of International Guest Doctoral Candidates

The Welcome Office of the TUM Graduate School (TUM-GS) is an advice and service point for (international) doctoral candidates, guest doctoral candidates and their host chairs/ research groups at TUM. With this checklist we would like to support you in creating optimum conditions for your international guest doctoral candidate (in the following: guest) at TUM.

For supervision of regular doctoral candidates (obtaining a TUM doctoral degree) please consult the “Checklist for Supervisors of International Doctoral Candidates”.

Please note that international postdocs and international visiting professors are supported by the Welcome Services of the TUM Global & Alumni Office.

Support offer of the TUM Graduate School Welcome Office for guests:
- Information on the possibilities of a guest doctorate at TUM including funding and application.
- Information on visa, residence permits, insurance, advice on looking for accommodation (no accommodation service!).
- Information on guest enrollment.
- Information on further relevant TUM-GS services (cultural events) as well as TUM services (German language courses).

Checklist – before arrival

☐ Welcome Office of the TUM-GS/ Information on guest doctorate
☐ Applying for a visa
☐ Hosting Agreement
☐ Invitation Letter
☐ REST Directive EU (REsearchers & STudents)
☐ Insurance
☐ Looking for accommodation
☐ Guest enrollment and User Agreement
☐ Work place
☐ IT Support/ TUMonline guest account/ TUM guest ID
☐ Phone and phone book entry
☐ Key/ transponder
☐ Family

Checklist – after arrival

☐ Introduction and instruction
☐ GuestCard
☐ Course offer at the Graduate Center/ at TUM Graduate School
☐ University Library/ Language Center

Further information – before arrival

Welcome Office of the TUM-GS / Information on guest doctorate

Refer your guest to the Welcome Office of the TUM Graduate School as well as to our website for guests where they will find the „Checklist for International Guest Doctoral Candidates“.

Applying for a visa

Future guests who need a visa must contact and arrange an appointment at the relevant German embassy/consulate as soon as possible. Depending on the length of stay a short-term Schengen visa or a visa for researchers (§18d residence act) will usually be issued. As future host you will usually provide your guest with a Hosting Agreement as well as an Invitation Letter.

Hosting Agreement

A Hosting Agreement is necessary for the visa for researchers (§18d Residence Act) and needs to be signed by you as well as by your guest.

Invitation Letter

The Invitation Letter is usually needed for all types of visa and typically includes the title of the doctoral project, the expected duration of the doctorate, the language for interaction as well as the type of secured funding.
Guests who meet the requirements for the short-term mobility according to the REST Directive (Directive (EU) 2016/801 of the European Parliament and the Council) need to be registered at the federal Office for Migration and Refugees by the TUM-GS Welcome Office. Please tell your guest to contact us in case:
- they are not an EU-national and
- they already have a residence permit for research purposes in an EU country (except Denmark, Great Britain and Ireland) and
- their planned research stay at TUM will be less than 180 days during a period of maximum 360 days.

Please advise your guest to take care of a valid health insurance and if necessary other insurances for them, and if applicable, for their accompanying family. A valid health insurance is usually already required for the visa application. Please clarify whether your doctoral candidate needs/ has a suitable (lab) liability insurance.

Please inform your guest that accommodation in Munich is scarce and expensive, therefore they’ll need to start their search as soon as possible. The TUM-GS Welcome Office can support your guest with helpful information and advice.

Doctoral candidates from TUM’s international partner universities, participants in one of TUM-GS exchange programs and those with HELENA/HEPP can enroll as guest doctoral candidates at TUM if their research stay at TUM lasts at least 3 months. The enrollment is voluntary and gives access to student discounts, e.g. the basic semester ticket. Please tell your guest to contact the TUM-GS Welcome Office if they fulfil the requirements and wish to be enrolled. In case a guest enrollment is not desired/ possible, a user agreement (Benutzungsvereinbarung) might be necessary for the use of TUM facilities.

If your guest has a work place at your chair/ research institute, please arrange for a suitable work place and materials (including a pc/laptop, software licences, office materials) before their arrival.

The central TUM IT support is your first point of contact for questions and problems relating to central IT services and applications. For faculty-specific questions you can also contact the local IT support of your faculty. Among others, TUM IT support takes care of the following topics:
- provision of workstation computers,
- in case a guest enrollment (including the student TUMonline account) is not desired/ possible, setting up a TUMonline guest account with a TUM guest ID for scientists without an employment contract. You can find detailed instructions for TUMonline guest management in the TUM Wiki.

In case you need a new phone connection or authorization for your guest, please contact the phone service of your TUM location.
Key/ transponder
Request a key/ transponder for your doctoral candidate at the key management of your TUM location. You will find the corresponding contacts in the service compass.

TUM Family Service offers a comprehensive range of information, advice and services relating to the compatibility of work and family at the three big TUM locations.

Family

Further information – after arrival

Introduction and instruction
If your guest has a work place at your chair/ research institute, instruct them in the relevant administrative processes (e.g. the premises, contact persons, insurance status, how to proceed in the event of illness, useful TUM websites such as MyTUM portal*, CAMPUSonline* etc.).

GuestCard
In case guest enrollment is not desired/ possible, your guest will need a TUM-GuestCard, which will identify them as a member of TUM and also work as a library card and a card to the student canteen/ cafeteria.

Course offer at the Graduate Center/ at TUM Graduate School
Make your guest aware of the possible course offers of your degree-awarding institution’s Graduate Center as well as the Transferable Skills Training offered by TUM GS also available for guests if there are sufficient free spots.

University library/ Language Center
Guests are also entitled to use the university library (barring some restrictions for holders of a guest account). In addition to an extensive range of (e-)resources, it also offers library tours as well as various training courses. Please also make your guest aware of the special German courses offered for all doctoral candidates by the Language Center.

For more information, visit our website for supervisors.
