

Scholarship for Students of the Executive MBA in Innovation & Business Creation

TUM Graduate School awards one scholarship for the Executive MBA in Innovation & Business Creation in the amount of 16.000 €, in order to support the financing of the tuition fees, covering half of the tuition fees. Eligible applicants are doctoral candidates and members of the TUM Graduate School.

Requirements for sponsorship:

- Admission to the Executive MBA in Innovation & Business Creation and approval by UnternehmerTUM GmbH to be supported (for further information about the program visit www.innovationprogram.com)
- Motivation and self-organization: presentation of the value added by the Executive MBA (in addition to the doctorate) for the candidate's professional and personal development, realistic plan for the timely and successful conclusion of the doctorate in parallel to the EMBA study program
- Financial need to be supported during studies

Documents to be submitted:

- Curriculum Vitae
- Letter of motivation, including references to social engagement in society or within TUM Graduate School (length: 1 page)
- Information about financial situation (Financial Statement form)

Applicants applying to the Executive MBA in Innovation & Business Creation, starting April 2018, are required to submit their **scholarship application by February 28, 2018**. Please submit the above mentioned documents along with your regular application for the program to UnternehmerTUM GmbH, attn.: Simon Kratzer. **Please note that applicants for the study program are required to have gained at least three years of professional experience, e.g. as doctoral candidates.** Upon admittance to the program and the end of the official application deadline, the TUM Graduate School scholarship committee will decide upon approval of the scholarship.
