

## Further Information

Please find more detailed information on our course program at [www.gs.tum.de/course-program](http://www.gs.tum.de/course-program)

Unless stated otherwise in the course information, please register via DocGS: [www.docgs.tum.de](http://www.docgs.tum.de)

### Course Booking

It is possible to register eight weeks prior to the course start.

### Financial Contribution

The financial contribution for participants is stated in the course program overview as well as on our website. Upon successful registration, you will receive an automated confirmation email

including our account details. Please transfer the amount within one week after your registration. If the amount is not credited to our account within one week, we will cancel your registration to allow other doctoral candidates to participate.

### Cancellation

Should you be unable to attend the course, it is possible to cancel your registration free of charge up to four weeks prior to the course start. We kindly ask you to honor this deadline as your fellow doctoral candidates may be on the waiting list hoping for an opening.

## Exclusive Course Program | Summer Semester 2021 TUM Graduate School

## TUM Graduate School Qualification Program

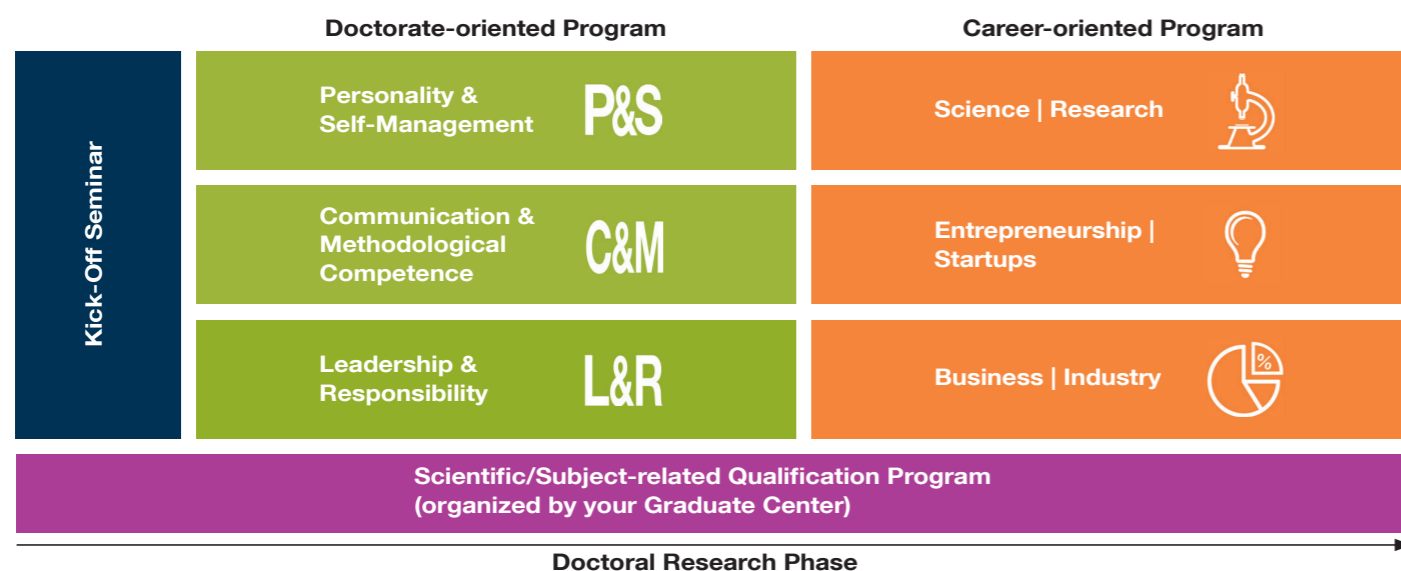

Our qualification program aims at supporting the efficient and successful progress of your doctorate, as well as your personal and professional development.

The Kick-Off Seminar is the starting point to provide you with orientation as well as interdisciplinary exchange and networking opportunities with peers at the beginning of your doctoral project. The Scientific/Subject-related Qualification Program offered by your Departments and Graduate Centers will help you to dig deeper into your research and fertilize your independent academic work.

In this folder, you will find all of our transferable and professional skills training courses:

The Doctorate-oriented Program supports your training in the areas Personality & Self-Management, Communication & Methodological Competence and Leadership & Responsibility.

The Career-oriented Program is designed to give you specific support regarding the planning and realization of careers in different sectors.

## Free Your Entrepreneurial Spirit!

With TUM positioning itself as the Entrepreneurial University, we focus on entrepreneurship in this semester's course program. Many research topics bear promising business ideas and we want to encourage doctoral candidates to see the entrepreneurial value in their research projects. Researchers usually already have all it takes to start a business: They are passionate for a specific topic, they find innovative solutions for existing problems, and with their research, they have the potential to shape the future.

With our focus topic and course selection, we want to embolden doctoral researchers to consider being an entrepreneur as a possible career path and offer the chance to discover their interest and potential in entrepreneurial endeavors. From inspirational talks to courses on how to generate business ideas and create prototypes, we cover a broad range of course topics in the field of start-ups and entrepreneurship.

In addition to our well-established courses, our offerings cover the following subjects:

- Science Pitch Training
- Serious Creativity - Techniques and Thinking Tools to Boost your Creative Thinking
- Female Founders Talk
- Entrepreneurial Leadership and Empowerment
- How to Activate your Entrepreneurial Mindset
- Basics in Business Administration
- ...and many more

Join us and free your entrepreneurial spirit!
